

Private 1-2-1 Tuition

One to one tuition means you are in the driving seat. Tell us what you want to achieve and we will give you all the attention and encouragement you require. We will discuss your requirements with you and help to suggest project tasks, so you develop your skills at your own pace.

Be assured we will steer you in the right direction to get you moving on your metal clay journey.

Craftworx Travelling Workshops

Tracey loves to share her knowledge of metal clay. As a speaker and through workshops, she is known for her enthusiastic patient and approachable teaching style, offering a range of talks, demonstrations and workshops.

Tracey is happy to travel anywhere in UK, Europe or to international destinations to teach and share her passion for this amazing material.

PMC for Schools - GCSE and 'A' Level Design and Technology

Precious Metal Clay (PMC) is now on the National Curriculum for GCSE and 'A' Level Design and Technology as well as art courses.

Tracey can deliver courses either to teachers who want to learn the skills and processes to roll this out into the curriculum themselves, or facilitate a class of school students through some project tasks.

Silver Clay Workshops

What is PMC and Silver Clay?

PMC and Art Clay Silver is pure silver powder mixed with an organic binder and water. This clay-like material can be shaped moulded and sculpted into exquisite designs. When kiln, torch or gas hob fired, the binders burn away leaving 99.9% pure fine silver ready to be hallmarked.

Craftworx Studio

Located on a farm in Bishop Burton, East Yorkshire on the edge of the Yorkshire Wolds, the location is easy to access with nearby motorway and train links. Our students travel from all over the country often to

stay longer to enjoy the surrounding area.

The renovated barn conversion provides a light and spacious facility that is very well stocked with all the essential tools and equipment. With plenty of car parking space and disabled access, we are proud to provide the best professional dedicated metal clay studio facilities in UK. Our location provides a haven of peace and inspiration to get your creative juices flowing, with the perfect environment for you to gain knowledge and confidence in working with metal clay. Craftworx delivers excellence as standard.

Our Courses and Workshops

Craftworx carefully plans each course or workshop to ensure your experience is packed full of hands-on experience from the onset, giving you the maximum opportunity to learn and complete a set task or project in the time scheduled.

Our target & project based workshops are divided into four different expertise levels to ensure each of our students finds the courses suitable for their own individual skill level. You are able to learn professional techniques and take these new skills to apply your own creative ideas. Whatever your level, there's a Craftworx course for you!

Beginner Level

Aimed at the complete beginner with little or no experience of jewellery making, we can help you gain confidence and teach you some of the basic essential foundation Skills

You will feel a real sense of achievement when you leave the studio and you will be confident enough to start applying your new skills to your own creative ideas at home!

Intermediate Level

if you feel you have a good level of ability but have areas where you could improve, or if you want to pick up the essential hints and tips to move forward with metal clay, our intermediate courses are ideal for you.

We will assume you have a basic level of understanding and experience in working with metal clay and will help you to expand your skill set and knowledge so you can wow your friends and family with your new creations.

Advanced Level

We aim to enhance your existing skills and truly challenge your abilities so you leave the studio with new ideas, fresh expertise and inspiration for your own creations.

Take the challenge and move you metal clay journey forward to take you to the next level.

Master Classes

Aimed at the experienced enthusiast, active artist or professional tutors, these classes are delivered by visiting expert tutors that will be teaching unique techniques and projects they have developed.

These projects, skills and knowledge sharing are a truly inspiring experience.
